A division of  Industrial Rubber plc

UKCA Declaration of Conformity

Light dome's depressible Road stud, meets the requirements of the following procedures. EN1463-1: Road Marking Materials – Retro reflecting Roadstuds

Annex ZA1 ZA2 ZA3

EN 1463-2

EN 13212: Road marking materials - Requirements for factory production Control

They address the provisions of the 'Regulation 2019/465 and/or 2020/1359 on Construction Products as brought into UK law and amended' in full. This entitles Light Dome to UKCA-mark their retro reflecting depressible Roadstuds.

The Depressible roadstud must be installed as per the installation instructions available from Light Dome Road Products. The spacing and reflected colours of the inserts in Great Britain must be in accordance with Department for Transport regulations, and in the republic of Ireland, with the department of environment regulations in force at the time.

For overseas usage, roadstuds should be positioned and spaced to conform to the existing laws and regulations, where applicable, of that country.

The Light dome Roadstud has been approved by:

BSI Maylands Avenue, Hemel Hempstead, Herts, HP2 4SQ. UK

Identification No. 0086

Product Description: Depressible Rubber Mk 8A Metal Base LD0005
Product Description: Depressible Rubber Mk 8A Plastic Base LD0008
Product Description: Depressible Rubber Mk 100A Metal Base LD2010

Retro reflectors: Up to 4 per product
